From Table 2 one can observe that enrollments decreased at the six campuses of the Montana University System from Fall 1983 to Fall 1984. The largest numerical decrease occurred at the Montana State University while the largest percent decrease occurred at Montana College of Mineral Science and Technology. Enrollments increased at the community colleges, except for Miles

Out-of-state first-time freshmen decreased by 12.6%. Only the University of Montana showed a slight increase in out-of-state first-time freshmen from the previous year.

1984 ENROLLMENT REPORT

Full-time versus part-time enrollment

Part-time enrollment, exclusive of enrollments in Continuing Education programs and non-credit community service programs at the community colleges, is a significant portion of total enrollments. Table 13 portrays these data for the last two years.

1984 ENROLLMENT REPORT

In 1984, part-time enrollments account for 25.9% of total enrollment in the state. In the Montana University System, part-time enrollments which vary from 11.8% at Montana State University to 32.3% at Eastern Montana College, account for 19.1% of the students. Table 14 shows the change in full-time and part-time enrollments from Fall 1983 to Fall 1984.

All units of the Montana University System, except Eastern Montana College, had a decrease in full-time students. Northern Montana College is the only unit with an increase in part-time

students. Full-time students in all institutions in the state decreased by 2.5% while part-time students decreased by 4.0%.

All independent colleges showed increases in numbers of full-time students. Rocky Mountain College had a small decrease in the number of part-time students. Of the community colleges, Miles Community College showed a decrease in full-time students.

Flathead Valley Community College had an increase in part-time students.

Full-time equivalent students

For some purposes it is desirable to convert part-time students to full-time equivalent students. To do so, a formula which equates 15 undergraduate student credit hours (or 12 graduate student credit hours) to one full-time equivalent student is used. Table 15 portrays these data for higher education institutions in Montana for Fall 1983 and Fall 1984.

Full-time equivalent students for the fall term is a useful statistic for some purposes, but for budgeting actions a different statistic called the fiscal-year full-time equivalent (FYFTE) student is utilized. This statistic reflects enrollment for an entire fiscal year, including summer sessions. Table 16 shows an historical summary of fiscal-year full-time equivalent students within the Montana University System.

Distribution of student credit hour load

When converting headcount enrollment to full-time equivalent students, a factor of 15 student credit hours at the undergraduate level and 12 at the graduate level is used as the normal load for a full-time student. Table 17 shows the distribution of student credit hour loads for graduate, undergraduate, and other students within the Montana University System.

Consolidated Enrollment Reports

The reports which are contained in this appendix present enrollment data for all institutions of higher education in Montana. Definitions applicable to these reports are:

Total enrollment: the number of individuals enrolled during the academic period.

First-time beginning freshmen: ones who entered higher education for the first time in the current semester, term, quarter or session.

Part-time student: a part-time student, for reporting purposes in Montana, is one taking less than 12 undergraduate credit hours or 9 graduate credit hours.

Fiscal year full-time equivalent student: total undergraduate student credit hours generated during the fiscal year divided by 45 (quarter basis) or 30 (semester basis) plus total graduate student credit hours generated during fiscal year divided by 36 (quarter basis) or 24 (semester basis).

Full-time equivalent students: 15 student credit hours for undergraduates and 12 student credit hours for graduates are considered a full-time equivalent student.

Non-resident student: a student, who for fee-paying purposes, has been declared non-resident.

Student origin: for purposes of this report, the address of the student at the time of application determines his residence category.

Prior to Fall 1977 enrollments were reported as of the end of the 5th week of classes; beginning Fall 1977 enrollments are reported as of the end of the 3rd week of classes.
